Summary

Results-driven Senior Front-End Developer with 5+ years of experience specializing in engineering high-performance, scalable web applications using React, Next.js, and TypeScript. Proven track record of optimizing page load speeds by 25%, increasing user engagement by 30%, and translating complex business requirements into robust technical architecture. Successfully led the end-to-end frontend development of an enterprise Early Warning System (EWS) utilized by 7 major Indian banks and engineered custom full-stack CRM solutions. Focused on clean code design systems, state management optimization, and responsive, SEO-friendly digital architectures.

Experience

Eagle Peak Intel Pvt. Ltd. – Nexensus New Delhi , India
Senior Front-end Developer Mar 2023 – Present

- Enterprise Bank EWS: Led the end-to-end frontend architecture and development of a secure, data-intensive Early Warning System (EWS) deployed across 7 major Indian banking institutions, leveraging React.js, Redux Toolkit, and custom data visualization dashboards to streamline internal risk analytics.
Internal system (for authorized use): http://103.233.79.176:8080/nexensus_ews_system/#/nexensus_ews_system
- Real-Time Platform: Designed and deployed "Check Before Invest," a high-performance, real-time investment evaluation web application built with React and optimized API-driven state management to facilitate rapid, data-driven financial decision-making.
Live project: <https://checkbeforeinvest.com/>
- Redesigned and optimized [Nexensus.com](https://nexensus.com/) and [Nesus.us](https://nesus.us/), improving front-end performance, visual consistency, and API-driven data handling across responsive layouts.
Websites: <https://nexensus.com/> | <https://nesus.us/>
- Portal Consolidation: Consolidated two isolated internal legacy portals into a single, unified Management Information System (MIS), significantly optimizing data flows, component reusability, and long-term codebase maintainability.
Internal system (for authorized use):
Portal: <https://nexensus.club/mis/login>
